KEY FEATURES

- › Gas Strut assisted lifting mechanism which allows 2 positions (Up / Down).
- › Easy to use: Simply pull down for immediate access and stows away neatly when finished.
 - When in the Up position the gas strut pushes the bench vertically which securely holds it.
 - When in the Down position the gas strut pushes the bench down so that the bench is horizontal
- › Adjustable Riser brackets to allow the bench to be fitted into Service bodies and Toolboxes with Lips. 2 adjustable Heights – 70mm & 85mm
- › 2mm Mild Steel Bench Construction
- › The bench can be fitted in front of shelving in a service body. Only requires 150mm Gap in front of shelving to allow installation. (Bench when in folded up position 130mm Deep Overall Size)
- › Can be fitted in a Toolbox. Please note: 150mm Floor space required - Incompatible with larger items such as CPS Drawers or Custom Framing when fitted in toolbox
